Beep!

- 1

Beep! Da-da-dedada! Beep!
"Oh, no, it's him!" said Jack. "What a dope.
Doesn't he know phones aren't allowed at school?"
Gopal grinned as he spoke. "Get a life, Jack!
And it's not a bad phone, that. Nice ringtone too. Just like mine."
- 2

Gopal pulled a brand new smartphone out of his pocket
and started to tap in some text.

Jack's voice went high and squeaky.
"You poser! You've got just the phone that I want!"

Gopal smiled. "I've had it for a while.
A popular bloke like me needs the latest phone, Jack!
I'm texting Rosie, to see if she wants to go to the park after school."

Jack picked up his bike and rode home alone.
He was the only child left in the class without a phone. He'd been
asking his mum to let him have one since he started his new school.
There was nothing he wanted more.

Mum was back from work early. She was dozing in an armchair,
pretending to read her horoscope. He prepared to cajole his mum
into getting him a phone.

Read Write Inc. Fresh Start Handbook
– Revised Edition

NEW

The Teacher Handbook has been updated following recent feedback and trialling in schools to help students make even faster progress.

Speed Sounds

Speed Sounds

Part 5: Reading Phonics Green Word Cards: Word Time 1.6 and 1.7

Start here if the student can read all the Set 1 Speed Sounds and can read the Phonics Green Word Cards for Word Time 1.1 to 1.5.

Please note: While the student is learning to read the Phonics Green Word Cards, they can start reading the Introductory Module (see page 34).

Read Phonics Green Word Cards

Remember: only read words with sounds the student can read speedily.

NB: Some students may not be able to pronounce the second sound within some four-sound words (ship, prism). Do not correct the student or ask them to repeat.

1. Show the student how to read two or three Phonics Green Word Cards using 'Best Friends, Sound Talk, read the word'. Use slow Sound Talk, and then speed up. Model until the student can jump in with you.

2. Give these cards and three others to the student. Ask them to read the words. If they need support, repeat step 1.

3. Muddle the cards and ask the student to re-read all the words.

Word Time	Sounds known	Words
1.6	m, a, s, d, l, l, n, p, g, o, c, k, u, b, f, e, l, h, t, j, y, w, z, x, sh, th, ch, qu, ng, rk	ship, shop, fish, with, then, this, zag, zip, chin, chap, chat, quit, quit, fox, box, fix, six, sing, bang, wing, wink
1.7	m, a, s, d, l, l, n, p, g, o, c, k, u, b, f, e, l, h, t, j, y, w, z, x, sh, th, ch, qu, ng, rk	3 sounds: bell, well, fell, huff, mess, sock, think, quick, thing, 4 sounds: blob, blip, brat, drop, drip, clip, from, frog, flag, flop, grim, grin, pram, prep, dip, did, skin, skin, spit, spot, stop, nap, trip, bent, test, bend, jump, hand, send, dress, fluff, black, stick

Next steps:

Once the student can read the 1.6 and 1.7 Phonics Green Word Cards, follow the steps for Speed Sounds: Part 6 (see page 26) and start reading Modules 1 to 3 (see page 35).

Part 6: Learning Set 2 and 3 Speed Sounds

Start here if the student can read all the Set 1 Speed Sounds and can read the Phonics Green Word Cards for Word Time 1.1 to 1.7.

Please note: While the student is learning to read the Set 2 Speed Sounds, they can start reading Modules 1 to 3 (see page 35). While the student is learning to read the Set 3 Speed Sounds, they can start reading Modules 4 to 13 (see page 35).

Read the sound

Teach the Set 2 Speed Sounds first in this order:

ay ee igh ow oo oo ar or air ir ou oy

Then teach the Set 3 Speed Sounds in this order:

ea el ai oe i-e o-e u-e aw am ar er ow al oo ew in ear ure tion tious

Follow the steps below for the Set 2 and 3 Speed Sounds: the student does not know. The picture strips on pages 27–33 give you a summary of these steps for each sound.

1. Select a sound the student does not know (example: ay).
2. Show the picture side of the card. Talk about the picture, then say the sound and the picture phrase (ay – may I play?).
3. Ask the student to say the sound and the picture phrase (ay – may I play?).
4. Show the letter side of the card (ay).
5. Explain that the letters are Best Friends: two/three letters, one sound. For *a-e*, *i-e*, *o-e* and *u-e*, explain that these letters are Best Friends, but they need to be split up because they are too chatty. They are two letters that make one sound, but they are not side-by-side.
6. Flip the card from the picture side to the letter side as the student says the sound (ay) when they see the letters and the picture phrase (ay – may I play?) when they see the picture.
7. Mix the card with others the student knows and ask them to say the sounds speedily.

Read Phonics Green Word Cards

Follow the steps below for each sound. The picture strips on pages 27–33 list the Phonics Green Word Cards for each sound.

1. Choose two Phonics Green Word Cards that include the focus sound (e.g. play, way).
2. Show the student how to read the words (without dots and dashes) using 'Best Friends, Sound Talk, read the word'.
3. Give these cards and three others that also include the focus sound (e.g. may, day, spray) to the student. Ask them to read the words. If they need support, repeat step 2.
4. Mix two of these cards with three other cards that include known sounds. Ask the student to read all the words.
